Dear Parent/Carer

Re: Coronavirus concerns

You are likely aware of the outbreak of novel coronavirus and the subsequent confirmed cases in the UK. At Forest Park Primary School, we take the health and safety of our pupils and staff very seriously, so we are sharing [guidance](#) from the Public Health England on steps you should be taking.

There is currently no cause for concern in the school, but we will keep you informed about any developments and ensure we are keeping the school clean to prevent the spread of any virus.

Prevent the spread of infection

Make sure you and your children follow these general principles to prevent spreading any respiratory virus:

- Wash your hands often – with soap and water for at least 20 seconds, or an alcohol-based sanitiser if soap and water are not available
- Avoid touching your eyes, nose, and mouth with unwashed hands
- Avoid close contact with people who are sick
- If you feel unwell, stay at home and do not attend work or school
- Cover your cough or sneeze with a tissue, then throw the tissue in a bin
- Clean and disinfect frequently touched objects and surfaces in the home
- If you are worried about your symptoms, please call NHS 111 – do not go directly to your GP or other healthcare environment

If you or your children have returned from a Category 1 country or area in past 14 days

Category 1 includes:

- Wuhan city and Hubei Province, China
- Iran*
- Daegu or Cheongdo, South Korea*
- Any Italian town under containment measures* (see the map [here](#))

*Only if you've returned on or after 19 February 2020

Contact NHS 111 for advice, and:

- Self-isolate for 14 days after leaving the country or area (see the [home isolation advice sheet](#) for help with this)
- If you become unwell, call NHS 111 immediately for an assessment (or 999 if you require emergency medical attention) – see below for the symptoms to look out for

If you or your children have returned from a Category 2 country or area in last 14 days

Category 2 includes:

- Cambodia*
- China (other than Wuhan city or Hubei province)
- Hong Kong
- Italy* (other than the towns under containment measures)
- Japan
- Laos*
- Macau
- Malaysia
- Myanmar*
- Singapore
- South Korea (other than Daegu or Cheongdo)
- Taiwan
- Thailand
- Vietnam*

*Only if you've returned on or after 19 February 2020

If you or your children are well:

- You do not need to avoid contact with other people
- Your other family members do not need to take any precautions or make any changes to their own activities

If you become unwell (see below for a list of symptoms):

- Stay indoors and avoid contact with other people as you would with other flu viruses (see the [home isolation advice sheet](#) for help with this)
- Call NHS 111 immediately for an assessment (or 999 if you require emergency medical attention)

Symptoms to look out for

If you have returned from the specified countries or areas, look out for the following symptoms:

- Cough
- Difficulty in breathing
- Fever (a temperature of 38 degrees C or higher)

According to other [official guidance](#), while you wait for further advice:

- Avoid contact with others
- Stay at home – do not go to work or school
- Do not travel while sick
- Cover your mouth and nose with a tissue or your sleeve (not your hands) when coughing or sneezing, throwing tissues in the bin
- Wash your hands often with soap and water for at least 20 seconds (or an alcohol-based sanitiser if soap and water aren't available)

If you or your child have any further concerns or questions, please do not hesitate to contact the school office on 01782 234979.

Yours sincerely

Miss S L Irving
Headteacher
