

# Google Site remote learning access for years 1,2 and 3

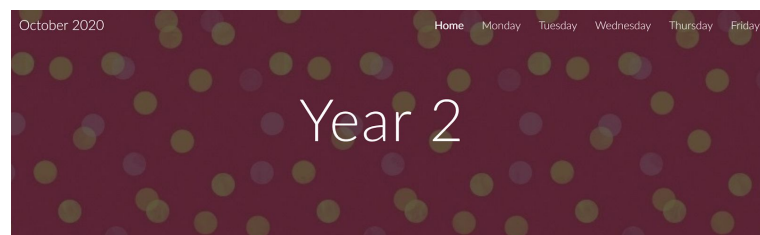

In the event of a lockdown or a 'bubble' closure children in Year 1,2 and 3 have a dedicated link on the year group page on the Forest Park Primary School website [www.forestpark.org.uk](http://www.forestpark.org.uk)

This link will take you to their dedicated year group Remote learning page. This link is accessible on a mobile phone, tablet or a computer.

Welcome to the Year 1 Remote learning page

Hello Bumblebees and Robins

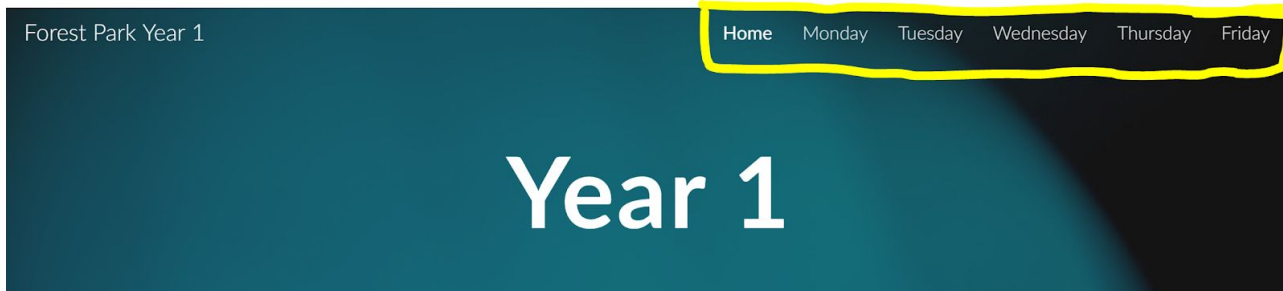

Welcome to the year 2 remote learning page.

Welcome to the Year 3 Remote learning page

On the home page you will find the year group expectations that relate to your child's learning and a timetable of activities that need to be completed each day.

Along the top right you will find each day of the week. To access the daily work click on the corresponding day.

This page will detail all the activities that need to be complete in the day. Support your child in using the page to access each activity. These are activities using quality videos led by a teacher so you will need sound and be able to pause the videos if needed. It is important that each activity is completed.

Teachers will let you know what exercise book your child needs to record their work in.

Math books for years 1, 2 and 3	English, RWI and topic work
	

If you need any support throughout the day, please email the year group email and the teacher will contact you as soon as possible to support you.

At the end of each day take a photograph of your child's work. Then email it to the year group email so the teacher can check the work completed and give your child any help or next steps.
