Dear Parents/ Carers,

For children in Nursery and Reception, teachers have created a dedicated year group 'Google Site' where the children can access their daily home learning tasks. This online home learning system will be used for daily home learning tasks whilst the children are at home, due to the current COVID-19 National Lockdown and subsequent school closure.

By accessing this page, teachers will continue to teach the early years curriculum whilst your child is at home. It is very important that you support your child to access their year group google site as children who do not complete work will miss valuable learning and be disadvantaged when they return to school.

The site can be viewed on a laptop, tablet or a mobile phone by clicking on the link on your child's year group page provided on the Forest Park Primary School website- www.forestpark.org.uk

From here you will need to view the timetable for the week and click on the correct day to access the daily tasks. There is a range of tasks for the children to complete including Read Write Inc. phonics Videos, White Rose Maths, dough disco links, story of the week tasks and other activities set by the class teachers.

Children will need to engage in the teaching videos and complete the tasks given each day. Parents will need to send photographs of their child's completed work to the class teacher daily. The class teacher will check who has completed the tasks at the end of each day.

We expect **all** pupils who are not in school to complete work on a daily basis unless they are ill themselves. If children do not complete their home learning, we will be in contact with parents to support you to ensure this work is completed. It is important that the disruption to your child's education is minimised and that work is completed at home as it would be done in school.

The children have been shown in school how to access their dedicated year group Google Site so will be familiar with how to find their home learning.

If you have any difficulties accessing your child's year group Google Site then please use the relevant email address below to contact the teachers.

Children in Nursery	nursery@forestpark.org.uk
Children in Reception Clovers	clovers@forestpark.org.uk
Children in Reception Buttercups	buttercups@forestpark.org.uk

There is also a video available for you to watch on our school website to support you with how to use your child's dedicated year group google site.
