Arithmetic Practice

Use the written methods we have learned in school to solve these calculation problems:

Use your dots to help you add these- draw the two parts and add them together.

$$11 + 5 = \underline{\quad\quad} \qquad \underline{\quad\quad} = 13 + 5$$

$$12 + 5 = \underline{\quad\quad\quad} \qquad \underline{\quad\quad} = 5 + 14$$

Practice counting in tens forwards and backwards. Write them down as you count.

10, 20, 30, 40, 50, 60, 70, 80, 90, 100

Email us a picture of your numbers when you have finished writing them! We would love to see them.

Google count by 10 Jackheart man to watch a video.

Spelling Practice

Can you practice these spellings 5 times and write them in a sentence?

- said
- he
- of
- was
- you

Topic Review

Use the word bank below to help you to draw a picture of a tree or a flower and add the correct labels. You could draw, paint or chalk your drawing, see how artistic you can be!

Tree:

roots	branches	trunk
leaves	fruit	

Flower:

roots	flower	stem
leaves	petal	

Can you then email a photo of your finished picture with the labels you have added?

It would be great to give out lots of merits and pennies!
